BUTTERFIELD

About one hundred or more relatives and friends of Mr. Williams of Gunter district sprung a complete but very agreeable surprise on him Sunday by a birthday dinner. We hope he may have many more pleasant surprises.

The W. C. T. U. desire to express their thanks and appreciation to Miss Vanhorn, Jeffries, Gentry, Reed and Whittington who made it possible for the trip to Pioneer by kindly furnishing the use of their autos.

There was such a large attendance at spelling at Gunter, Friday night, that it was necessary to divide the spellers and use both rooms.

What was feared was scarlet fever in our family in this place a short time ago, we understand has proven to be chicken pox.

In order to determine what kind of influence prevails in any community, every one should consider what kind of material is going out from the community. How many have gone out to preach the gospel in the last ten or twenty years? How many school teachers? Or how many have been elected to office; also how many "cussers" and cigarette smokers? How many criminal cases in court? and how many sent to the penitentiary or gallows? Everyone to a great extent are their brother's keeper, but are we on the job?

There are usually three classes of people in any and all communities viz., the workers, the shirkers and the jerkers. The workers devote their time and means to get things started and to keep them going in the community. The shirkers are contented to drift along and let others bear all the burden and occasionally wedge in and enjoy a little of the fruits of others' toil and the jerkers set back on the "breaching" and knock on every thing and every body—knocker, pessimist, tattler, dog-in-the-manger, and God only knows what else. Ever see any of

everybody don't vote for him and Hughes.

The Tariff and Wilson's mistakes seem to be the main issues of the Republican campaign but in "twaddling" about Wilson's blunders they fail to state what they would have done.

Criticism and ridicule shows a lack of argument.

OBITUARY

Lawrence Andrew, the little son of Mr. and Mrs. Walter Browning was born May 7, 1911, and departed from this life October 2, 1916.

At the age of 5 years, 4 months and 25 days.

Funeral was held at the St. Lawrence church, Tuesday morning.

Little Lawrence was only sick a few days, and his death came as a shock to the parents and relatives.

All of the relatives were at his bedside except those who were away and could not get here.

No one can take his place in the hearts of the bereaved parents and relatives.

Everything was done to save the precious one but it was God's will.

No more will a little voice ring through the house—no more will mother be called on to tie a little shoe. And a place at the table that can never be filled.

CARD OF THANKS

We wish to thank our friends and neighbors for their help and kindness, through the illness and death of our beloved child.
